PROFESSIONAL SUMMARY

A confident individual with extended background Web and Front End Development. Has helped hone the ability to build long term working relationships and working calmly when under pressure. Has a strong focus on delivering exceptional service whilst expanding existing client relationships and generating revenue for the organisation. Keen for a new and challenging position, which will make best use of existing skills and experience. Also more than willing to undertake additional training to enhance personal and professional development.

CORE SKILLS

Frontend: React, Next.js,TypeScript, JavaScript, HTML5, Tailwind CSS.
Backend & API: Node.js, Express, Python, RESR APIs, GraphQL.
Testing: Jest, React Testing Library, Playwright.
Design & Accessibility: Figma, Adobe XD, WCAG 2.2 AA, Responsive Design.

- People Skills, liasing with customers/ staff and various other professionals and external agencies.
- Able to communicate confidently to a wide range of people
- Self-motivated and perseverance / Can work calmly when under pressure
- Flexible and adaptable to changes within the environment
- Organised and able to priorities own workload
- Good interpersonal skills, engages effectively individuals and groups.
- Adaptable, hardworking and reliable, can work both as a team member, independently or with little supervision.
- Enjoys new challenges, seeing them through whilst maintaining high standards

PROFESSIONAL EXPERIENCE

FREELANCE SOFTWARE DEVELOPER | LONDON, UK | 01/2026 – PRESENT

- Delivered scalable Frontend applications that improve WCAG accessibility, performance and overall user experience.

Freelance Projects

- Modern News Web Application - Built a responsive news interface focused on accessible story presentation and intuitive navigation.
- Dog Booking System - Built a React and TypeScript booking workflow for grooming, training, daycare and boarding appointments.
- Air Quality & Weather Forecasting - Built a Next.js environmental dashboard using D3.js and OpenWeather APIs for real-time air-quality and weather monitoring.
- AI Application Jobs - Built an AI-assisted Next.js and TypeScript platform that improved organisation and tracking of application activities.
- JIRA Project Management System - Developed a project management application that enhanced task organisation and workflow visibility.

PROFESSIONAL DEVELOPMENT | LONDON, UK | 09/2024 – 01/2026

- Earned multiple industry-recognised certifications and coding challenges across React, JavaScript, TypeScript, Python, SQL, REST APIs, Express, Angular, search algorithms, and software engineering, strengthening expertise across modern Frontend and full-stack technologies.
- Strengthened expertise in clean code, API integration, databases, testing, and scalable application architecture.

SOFTWARE ENGINEER INTERN | SKY, OSTERLEY, LONDON, UK | 06/2024 – 08/2024

- Delivered React and TypeScript components that enhanced catalogue, pricing, and billing workflows.
- Integrated REST APIs with AWS-hosted microservices improving data exchange across business applications.
- Contributed to cloud-native solutions deployed through Docker and Kubernetes environments.
- Supported high-quality software delivery through Agile collaboration, code reviews, testing, and CI/CD practices.

CAREER BREAK | TRAVEL AND PERSONAL DEVELOPMENT | 01/2022 – 06/2024

- Completed international travel across North America and South Asia, gaining valuable cross-cultural experience.
- Developed adaptability, communication and problem-solving skills through cross-cultural experiences.
- Maintained technical knowledge through self-directed learning and professional development activities.

CORE SKILLS

FRONTEND
React, Next.js TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS

BACKEND & API
Node.js, Express, Python, REST APIs, GraphQL.

CLOUD & DEVOPS
AWS, Docker, Kubernetes, GitHub Actions, Jenkins.

TESTING
Jest, React Testing Library, Playwright.

DESIGN & ACCESSIBILITY
Figma, Adobe XD, WCAG 2.2 AA, Responsive Design.

SENIOR FRONTEND DEVELOPER | LLOYDS BANKING GROUP, LONDON BRIDGE, LONDON, UK | 09/2018 - 01/2020

- Specialist in Web Accessibility for online banking platforms.
- Front-End Development: Experience with React, HTML5, CSS3, Node.js, Express.js, Webpack and JavaScript.
- Contributed to the successful delivery of the **Innovation Communities Conference 2018** as part of a collaborative team.
- Supported the planning and delivery of the conference, primarily through graphic design, website development and implementation.
- Actively collaborated with colleagues to define core values and establish key performance indicators (KPIs).
- Participated in showcasing innovative prototypes for the Applied Technology Innovation, Innovation and Strategy team.

SENIOR WEB DEVELOPER, BACKEND, INNOVATION & ARCHITECTURE AND STRATEGY | LLOYDS BANKING GROUP, LONDON BRIDGE, LONDON, UK | 03/2016 - 09/2018

- **Python**: Learning the fundamentals of Python, including back-end development, functions, data analysis, data science and machine learning.
- **Innovation X Team:** Joined the Innovation X team, supporting the development of a Neo4j graph database. Used CSS3 to improve the user interface and added icons to the toolbar, making it easier to search for and find team members.
- **Continuous Learning:** I am continually developing my knowledge of programming languages, libraries and their functionality. I enjoy challenging myself, learning new technologies and improving my technical skills. My career goal is to become a Front-End Developer or Software Engineer.
- **UX/UI – Piggy Bank App:** Designed an app concept to help parents manage their under-16s' money for school trips, events and lunches, while teaching children budgeting and financial management skills.

JUNIOR UI DELIVERY AND TRANSFORMATION | LLOYDS BANKING GROUP, MOORGATE, LONDON, UK | 03/2015 - 03/2016

- UI Testing: Used Git, Jenkins and browser DevTools to test UI updates, review error codes and identify bugs.
- Release Support: Reviewed and verified UI changes before deployment to Lloyds Bank's UK online banking platform.
- Front-End Development: Used HTML, CSS and JavaScript to maintain desktop and mobile UI pattern libraries, troubleshoot bugs and resolve interface issues.
- HTML Email Development: Supported the creation of weekly HTML email templates featuring company news, events and networking calendars, distributed to over 30,000 Lloyds Banking Group colleagues across the UK.

TRAINEE DIGITAL TRANSFORMATION | LLOYDS BANKING GROUP, MOORGATE, LONDON, UK | 10/2014 - 03/2015

- Software Engineering Apprenticeship: Joined Lloyds Banking Group as an apprentice, gaining hands-on experience by shadowing four teams: HR, Mobile Development, DevOps and Software Engineering, while training to become a Software Engineer.

EDUCATION

HAMMERSMITH & WEST LONDON COLLEGE | 09/2005 - 06/2009

- BTEC National Diploma – IT Practitioners (IT &
- Business) BTEC First Diploma – ICT Practitioners
- GNVQ Foundation – Business

CERTIFICATIONS

COURSES | 2025

- **Codecademy:** React, Express, Python, Search Algorithms
- **HackerRank:** JavaScript, SQL, Angular, React, Software Engineer
- TypeScript Certification
