CORE SKILLS

Frontend

React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS

Backend & API

Node.js, Express, Python, REST APIs, GraphQL

Cloud & DevOps

AWS, Docker, Kubernetes, GitHub Actions, Jenkins

Testing

Jest, React Testing Library, Playwright

Design & Accessibility

Figma, Adobe XD, WCAG 2.2 AA, Responsive Design

KEY STRENGTHS

React

TypeScript

Accessibility

Node.js

CERTIFICATIONS

Codecademy

React, Express, Python, Search Algorithms

HackerRank

JavaScript, SQL, Angular, React, Software Engineer

TypeScript Certification

PROFESSIONAL SUMMARY

Frontend Software Engineer with commercial experience at Sky and Lloyds Banking Group, specialising in React, TypeScript, and accessible digital products. Proven track record of delivering scalable web applications, improving user experiences, and collaborating with Agile teams. Passionate about technology, innovation, and creating inclusive solutions for diverse audiences.

PROFESSIONAL EXPERIENCE

Freelance Software Developer | Home, London, UK

01/2026 – Present

- Building scalable frontend applications that improve WCAG accessibility and deliver faster, more responsive user experiences.
- Selected projects: Modern News Web Application, Dog Booking System, Air Quality & Weather Forecasting Dashboard, AI Application Jobs Platform, Assessment Platform, JIRA Project Management System.

Professional Development | Home, London, UK

09/2024 – 01/2026

- Completed industry-recognised certifications and coding challenges across React, JavaScript, TypeScript, Python, SQL, REST APIs, Express, Angular, search algorithms, and software engineering best practices.
- Strengthened understanding of clean, efficient, and maintainable code, data structures, API integration, database querying, test-driven development, and maintainable application architecture.

Software Engineer Intern | Sky, Osterley, London, UK

06/2024 – 08/2024

- Developed React and TypeScript components supporting catalogue, pricing, and billing workflows.
- Integrated REST APIs with AWS-hosted microservices supporting internal business services.
- Contributed to cloud-native applications deployed using Docker and Kubernetes.
- Participated in Agile ceremonies, code reviews, testing, and CI/CD deployments.

Career Break – Travel and Personal Development

01/2022 – 06/2024

- Undertook international travel and personal development activities across North America and South Asia.
- Developed adaptability, communication and problem-solving skills through cross-cultural experiences.
- Maintained technical knowledge through self-directed learning and professional development.

Senior Frontend Developer | Lloyds Banking Group, London Bridge, London, UK

09/2018 – 01/2020

- Developed and maintained an enterprise event platform supporting innovation programmes and employee engagement initiatives.
- Delivered WCAG 2.1 AA-compliant user interfaces improving accessibility across desktop and mobile devices.
- Developed reusable design-system components adopted across multiple projects, reducing duplication and accelerating feature delivery.
- Collaborated with stakeholders to deliver features within Agile sprint cycles and release schedules.

Senior Web Developer, Backend, Innovation & Architecture and Strategy Lloyds Banking Group, London Bridge, London, UK

03/2016 – 09/2018

- Developed Python-based automation tooling that streamlined manual processes and improved operational efficiency across innovation teams.
- Contributed to Neo4j graph database initiatives improving internal search and knowledge discovery capabilities.
- Designed UX prototypes and wireframes for digital banking concepts targeting youth customers.
- Built proof-of-concept AI search solutions improving accessibility of internal knowledge resources.

Junior UI Delivery and Transformation | Lloyds Banking Group, Moorgate, London, UK

03/2015 – 03/2016

- Developed reusable frontend components supporting scalable and maintainable UI architecture.
- Assisted in improving application performance and resolving software defects.
- Contributed to responsive web applications across multiple business functions.

Trainee Digital Transformation | Lloyds Banking Group, Moorgate, London, UK

10/2014 – 03/2015

- Completed an engineering apprenticeship, gaining cross-functional experience across DevOps, Mobile Engineering, and UI Digital Transformation.
- Supported technology teams in delivering digital initiatives and developing foundational software engineering and operational practices.
- Collaborated with multidisciplinary teams to understand software development lifecycles, infrastructure, and digital delivery processes.

EDUCATION

Hammersmith & West London College

09/2005 – 06/2009

- BTEC National Diploma (DMM), Hammersmith & West London College
- Additional BTEC and GNVQ Qualifications

“Better user experiences
create a more inclusive world.”
