PROFESSIONAL SUMMARY

Frontend Software Engineer with extensive commercial experience at Sky and Lloyds Banking Group, specialising in React, TypeScript, JavaScript, accessible user interfaces and scalable web applications. Experienced in developing reusable design systems, REST API integrations, responsive applications and WCAG-compliant digital products within Agile engineering teams. Recent independent projects include full-stack applications using Next.js, Node.js, NestJS, PostgreSQL, Prisma, authentication, real-time communication and modern testing practices.

TECHNICAL SKILLS

- **Frontend:** React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Design, HTML Email Development
- **Backend & APIs:** Node.js, Express, Python, REST APIs, GraphQL, Neo4j
- **Cloud & DevOps:** AWS, Docker, Kubernetes, GitHub Actions, Jenkins, CI/CD
- **Testing:** Jest, React Testing Library, Playwright, Code Reviews, Debugging, Defect Resolution
- **Design & Accessibility:** WCAG 2.1/2.2 AA, Figma, Adobe XD, UX Prototyping, Design Systems
- **Ways of Working:** Agile, Cross-functional Collaboration, Digital Transformation, Internal Communications, Email Marketing

PROFESSIONAL EXPERIENCE

Software Engineer Intern | Sky | Osterley, London, UK | 06/2026 - 09/2026

- Developed and maintained an enterprise event platform supporting innovation programmes and employee engagement initiatives.
- Improved accessibility across desktop and mobile experiences by implementing WCAG 2.1 AA-compliant interfaces.
- Built reusable design-system components used across multiple projects, reducing duplication and accelerating feature delivery.
- Contributed to AI-focused developer tooling, workspace solutions, RESTful services, agent tools and code-review workflows.
- Collaborated with engineers, designers, product teams and cross-functional stakeholders to deliver frontend features within Agile release cycles.

Senior Frontend Developer | Lloyds Banking Group | London, UK | 09/2018 - 05/2026

- Developed Python automation tools that reduced manual effort and improved operational efficiency across innovation teams.
- Contributed to Neo4j graph-database solutions supporting internal search and knowledge discovery.
- Designed UX prototypes and wireframes for youth-focused digital banking concepts, supporting exploration of new customer experiences.
- Built AI-powered search proof-of-concepts that improved access to internal knowledge resources.
- Supported innovation initiatives spanning backend development, automation, user experience and emerging technologies.

Senior Web Developer - Backend, Innovation, Architecture & Strategy | Lloyds Banking Group | London, UK | 03/2016 - 09/2018

- Developed Python automation tools that reduced manual effort and improved operational efficiency across innovation teams.
- Contributed to Neo4j graph-database solutions supporting internal search and knowledge discovery.
- Designed UX prototypes and wireframes for youth-focused digital banking concepts, supporting exploration of new customer experiences.
- Built AI-powered search proof-of-concepts that improved access to internal knowledge resources.

Junior UI Delivery and Transformation | Lloyds Banking Group | London, UK | 03/2015 - 03/2016

- Developed reusable and responsive frontend components supporting scalable and maintainable UI architecture.
- Designed and built HTML email templates for internal marketing and communications campaigns.
- Managed weekly internal email updates, helping deliver accurate and timely communications to employees across the UK.
- Supported Digital Transformation initiatives as part of the UI Delivery and Transformation team.
- Improved application quality through performance enhancements, responsive development and defect resolution.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Completed coding challenges and technical training covering React, JavaScript, TypeScript, Python, SQL, REST APIs, Express, Angular, search algorithms, clean code, testing, databases and scalable application architecture.
- Codecademy: React, Express, Python, Search Algorithms
- HackerRank: JavaScript, SQL, Angular, React, Software Engineer
- TypeScript Certification

EDUCATION

Hammersmith & West London College | 09/2005 - 06/2009

- BTEC National Diploma (DMM)
- Additional BTEC and GNVQ Qualifications
