“Better technology
for a more inclusive tomorrow.”

PROFESSIONAL SUMMARY

Frontend Software Engineer with commercial experience at Sky and Lloyds Banking Group, specialising in React, TypeScript, and accessible digital products. Proven track record of delivering scalable web applications, improving user experiences, and collaborating with Agile teams. Passionate about technology, innovation, and creating inclusive solutions for diverse audiences.

PROFESSIONAL EXPERIENCE

2026 – Present

Freelance Software Developer
Home, London, UK

- Delivered scalable frontend applications that improve WCAG accessibility, performance and overall user experience.
- Built projects including a news web app, dog booking system, air quality dashboard, AI application platform and a JIRA project management system.

2024 – 2026

Professional Development
Home, London, UK

- Earned multiple industry-recognised certifications and coding challenges across modern technologies.
- Strengthened expertise in clean code, API integration, databases, testing, and scalable application architecture.

2024

Software Engineer Intern
Sky, Osterley, London, UK

- Delivered React and TypeScript components enhancing catalogue, pricing and billing workflows.
- Integrated REST APIs with AWS-hosted microservices.
- Contributed to cloud-native solutions using Docker and Kubernetes.
- Supported high-quality software delivery through Agile collaboration, code reviews, testing, and CI/CD practices.

2022 – 2024

Career Break – Travel and Personal Development

- Completed international travel across North America and South Asia.
- Developed adaptability, communication and problem-solving skills.
- Maintained technical knowledge through self-directed learning.

2018 – 2020

Senior Frontend Developer
Lloyds Banking Group, London Bridge, London, UK

- Developed and maintained an enterprise event platform.
- Improved digital accessibility through WCAG 2.1 AA-compliant interfaces.
- Developed reusable design-system components.
- Collaborated with cross-functional stakeholders within Agile release cycles.

2016 – 2018

Senior Web Developer, Backend, Innovation & Architecture and Strategy
Lloyds Banking Group, London Bridge, London, UK

- Developed Python-based automation tooling.
- Contributed to Neo4j graph database initiatives.
- Designed UX prototypes and wireframes.
- Built AI-powered search proof-of-concepts.

2015 – 2016

Junior UI Delivery and Transformation
Lloyds Banking Group, Moorgate, London, UK

- Developed reusable frontend components.
- Improved application quality through performance enhancements.
- Contributed to responsive web applications.

2014 – 2015

Trainee Digital Transformation
Lloyds Banking Group, Moorgate, London, UK

- Completed an engineering apprenticeship.
- Supported digital initiatives and operational practices.
- Collaborated with multidisciplinary teams.

EDUCATION

2005 – 2009

Hammersmith & West London College

- BTEC National Diploma (DMM), Hammersmith & West London College
- Additional BTEC and GNVQ Qualifications
